**1. Default in Acceptance for Xetra International Market**

With the effect from June 9, 2010 Eurex Clearing will regulate default in acceptance for transactions from Xetra International Market (XIM).

The buyer in XIM can actively refuse the acceptance of stocks by not matching the Eurex Clearing instructions. This can result in damage for Eurex Clearing.

Therefore, the updated Clearing Conditions determine that in the future the buyer shall be obliged to compensate for any damages occurred in this context.

**Lump-Sum Compensation for Xetra International Market Italy**

With effect from June 9, 2010 Eurex Clearing will introduce a lump-sum compensation for late receipts over dividend record day for Xetra International Market Italy if the buyer refuses the receipt of stocks. This can result in a damage of 30 percent of the gross dividend amount for Eurex Clearing.

The defaulting buyer will therefore be charged with 30 percent of the respective gross dividend amount if he defaults in acceptance of stocks on record day either by not matching instructions or by defaulting in cash payment.
