**2. Regulations for Finnish holiday on December 6, 2006 - Independence Day**

Due to Independence Day in Finland, the Finnish stock exchange - OMX Exchanges - will be closed on December 6, 2006. Consequently, Finnish products cannot be traded at Eurex on this day. Since December 6, 2006 will be a non-value day in Finland, there will be no settlement of Finnish products between CBF and APK. Both SIS and CBF will be open on this day as on any other normal day, so settlement of deliveries in all non-Finnish products, including cross-border settlements, can be carried out.
