1.22 Subpart: Contract Specifications for ~~GMEX~~LDX IRS Constant Maturity Futures (“~~GMEX~~LDX IRS CMF”)

The following subpart contains contract specifications for futures contracts on the Global Derivatives Indices Limited Interest Rate Swap Constant Maturity Index (“**GDI IRS CMI**”).

1.22.1 Subject Matter of Contract

- (1) An ~~GMEX~~LDX IRS Constant Maturity Futures Contract is a futures contract on a specific interest rate index, the GDI IRS CMI, denominated in Euros, which is calculated by Global Derivatives Indices Limited.
- (2) Each GDI IRS CMI replicates a different point on the interest rate swap curve varying from 2 to 30 years. As this is a constant maturity index, each index will track a fixed point on the interest rate swap curve. Consequently, each futures contract always has the same fixed underlying tenor ranging from 2 to 30 years inclusive so that 29 contracts are tradable on Eurex Exchanges.
- (3) Futures contracts on the GDI IRS CMI are available for trading at the Eurex Exchanges such that the publication of Global Derivatives Indices Limited shall determine the composition, weighting and calculation as defined on the ~~London Derivatives Exchange (LDX) GMEX Global Markets Exchange~~ Group website (~~www.londondx.com~~www.gmex-group.com).
- (4) If any changes are made in the calculation of an index or its composition or weighting such that the concept of the index appears to be no longer comparable with the concept that applied when the futures contract was admitted to trading, the Management Boards of the Eurex Exchanges may order the termination of trading in such contract as of the last trading day prior to the change in the respective index.
- (5) The Management Boards of the Eurex Exchanges may order the termination of trading of such contracts if liquidity or trading volumes are insufficient or if changes in the law or regulation occur that affect trading or clearing of such contract.

- (6) If the Management Boards of the Eurex Exchanges decide to discontinue trading of a **GMEXLDX** IRS CMF, open positions shall be settled in cash upon the termination of trading. The Executive Board of Eurex Clearing AG shall determine the daily settlement price within its reasonable discretion.
- (7) The value of each contract is as described in Table 1.22a below.
- (8) Table 1.22a depicts the product-related provisions for the **GMEXLDX** IRS CMF (for the avoidance of doubt: the following details refer to one contract):
